Nature's Most Perfectly Balanced Oil

Ananta Hemp Seed Oil

BALYA POSHAK

Hemp Seed Oil is extracted naturally from hemp seeds and just like hemp seeds, it contains the ideal 3:1 Omega-6 to Omega-3 ratio.

Composition

Raw & Unrefined Hemp Seed Oil

Benefits

- Hemp Seed Oil helps to maintain hormonal balance which helps relieve symptoms of menopause. It also deals with symptoms including hot flushes and depression.
- Due to its low carbohydrate and sugar content, it acts as a great supplement for diabetics. If used in cooking, it can help reduce your cholesterol rate.
- Skin oxygenation and hydration can be achieved by a regular use of Hemp Seed Oil as they contain Omega 6 Fatty Acids that will in turn help in preventing psoriasis. Hemp Seed Oil has a zero comedogenic rating, which simply means it won't clog skin pores at all.
- Hemp Seed Oil gives you gorgeous hair, nails, and beautiful skin when used regularly. Its Essential Fatty Acids can also boost your immune system.
- However, Hemp Seed Oil cannot be used as a cooking oil due to its low smoking point.
