“Father of Dermato-Surgery”

(Awarded by Government of India)

Late Prof. (Dr.) P. N. Behl
(Founder of Sage Herbals)

Late Professor (Dr.) P.N. Behl was the founder of SAGE HERBALS. He was a great visionary, optimistic creator, devoted and dedicated all round professional. Besides being an eminent physician, he devoted himself to teaching, research work, writing, farming and missionary work.

Dr. P.N. Behl held the post of Professor and Head of the Department of Dermatology, Maulana Azad Medical College and L.N.J.P.N. Hospital (New Delhi), as a visiting professor Lady Harding Medical College and College of Nursing and Jawahar Lal Nehru Occupational Therapy Institute. Dr. Behl wrote 13 books and over 300 articles of national and international importance addressing important medical, scientific and social problems. Befittingly bestowed with the title of "Father of Dermatotomy", Dr. Behl had visited US, USSR, Europe, China, Africa, Japan and Far East to deliver lectures in the field of Dermatology and Dermatotomy.

Dr. Behl founded the 'Skin Institute & School of Dermatology' (Greater Kailash-I, New Delhi), which is the pioneer Dermatology Diseases Hospital of Asia. He also established Dr. Behl Wholistic Health Centre (Ashok Vihar-IV - Delhi) and the Rural-Cum-Industrial Skin Health Institute (RISHI Dasna - U.P.). With the name and fame that he had earned in the

world it would not be incorrect to say that he was an Institution by himself in rendering humane services, free of charge, particularly to poor patients.

The vast Ayurvedic experience of Dr. Behl enabled him club Ayurveda with Allopathy for better effective results carrying no side-effects. Thus he became a renowned face in Ayurveda too. Dr. P.N. Behl wrote 13 books and over 300 articles of National and International importance addressing important medical, scientific and social problems. Prominent among being Practice of Dermatology, Practice of Skin Surgery, Skin Irritant and Sensitizing Plants of Medicinal Significance, Dermatology Rediscovered – an Holistic Approach to Dermatography, Indian Traditional Dermatology and Herbs Useful In Dermatological Therapy.

Dr. Behl perhaps was the only illuminary who wrote a book on his own kidnapping titled "THE LORD OF DARKNESS". The publishers of this book- M/s Minerva Press of U.K. described his kidnapping episode as under:

"Kidnapped and held in a chilly sugarcane field for fifteen days in 1994, Dr. Behl an eminent dermatologist followed the great tradition of John Banyan and other captives, who pit their minds against their circumstances - AND WIN".

Dr. Behl left for his Heavenly Abode on the auspicious day of Dussehra the 15th October, 2002 at the age of 79 but his unparallel untiring efforts, dedication, commitment, persistence towards profession and society made him a LIVING LEGEND even after his demise. Such was the noble, sacrificing sole of Dr. P.N. Behl and such people rarely come to serve the suffering humanity.

***“Those who knew him,
Would not be able to define his greatness
Those who feel they defined it,
Could not have known him.”***

Board Of Directors

Mr. Sushil Behl

Mrs. Priya Behl

Message from the Directors

It gives me immense pleasure to give an insight about our company. Today, world's herbal pharmaceutical industry is growing by leaps and bounds and India is showing the most promising signs in this industry. The Indian herbal products business is now grabbing attention & respect from all major countries across the world. With the shift in paradigm, the MNC'S are now eying to collaborate with indian herbal players. SAGE HERBALS PVT. LTD. is making inroads in to healthcare, personal care, skin care segments through its wide range of products. We are consistently working towards vision of becoming a leading branded pharmaceutical company keeping alive the ultimate motto of harnessing the power of natural herbs in the service of ailing humanity.... we have achieved significant milestones in last 30 years in the areas of research and development, manufacturing and supply chain, excellence and organizational culture as a whole.

We attribute our success to continued patronage of our valued customers and clients, who stood by us over the years and who have put in their trust in us. On the other hand, our internal driving force of dedicated & specialized team members including regulatory and professional, who are working above and beyond the call of duty to drive Sage Herbals Pvt. Ltd. to the highest level are certainly on an equal plane.

With a view to seizing opportunities efforts on innovative international marketing have been intensified. The company has been adopting a strategy of increasing its international brand image and is rapidly expanding to reach out to more and more countries. It has also obtained brand registration for more than 60 different products in India and is actively exploring opportunities for launching as well as licensing out some of its products for marketing in various countries

We are sure our unique business model, work practices and culture of quality & excellence will lead our relationships with business associates to newer heights and ultimately pave way to a new growth trajectory and horizon of success. Sage Herbals consistent strategic direction is poised to project a recognizable organization across the world in the near future.
