**Dr. K.S. VASUDEVAN**  
1919 - 1977

He enlightened and showed us our path towards Kairali Ayurvedic Group

## OUR STORY

Blessed with the legacy of knowledge and expertise of such great Ayurvedic Physicians as the Late Dr. Sankunni Vaidiar (grandfather of Mr.K.V.Ramesh) and the Late Dr. K.S. Vasudevan (father of Mr. K.V. Ramesh), who had, over the previous eight decades, devoted themselves entirely to the research and development of an abundance of Ayurvedic medicines. Passing on the knowledge and expertise to the following generations, Mr. K.V Ramesh and Mrs. Gita Ramesh took up the initiative to formalize an institution that spoke only about the true and authentic essence of Ayurveda. They are learned, experienced and accomplished individuals who believe in the workings of Ayurveda are equally committed to making Ayurveda spread out globally. It is through their culminated efforts that Kairali Ayurvedic Group has reached new pinnacles of success and benevolence. Since its inception, Kairali has followed the practices and developed the infrastructure to manufacture and make available a diverse range of Ayurvedic medicines.
